Activity Guide - Solving a Data Problem

С	0
D	Е

The city is planning a new building for its residents, but the city council isn't sure what it should build. Some members want a fire station, others want an animal shelter, and others want a library. Your job is to use data to make a convincing recommendation to the city council.

Define What is the problem you are trying to solve?	FIRE & STATIONS
Prepare	
What data do you need to solve your problem?	LIBRARY
With your group, find your data on the Internet and record it here. You other groups to make the best possible decision, so don't make a regroups as well.	

T	Гу

What should be built in the new location?				
List two reasons for your choice, and the data that supports that reason.				
Reason 1	Data for Reason 1			
Reason 2	Data for Reason 2			
Reflect				
What other data might help you to make a better decision?				
Where could you find this data?
